

# **StarVision Information Group announces the launch of MecWise Human Resource Management System running on Microsoft Azure**

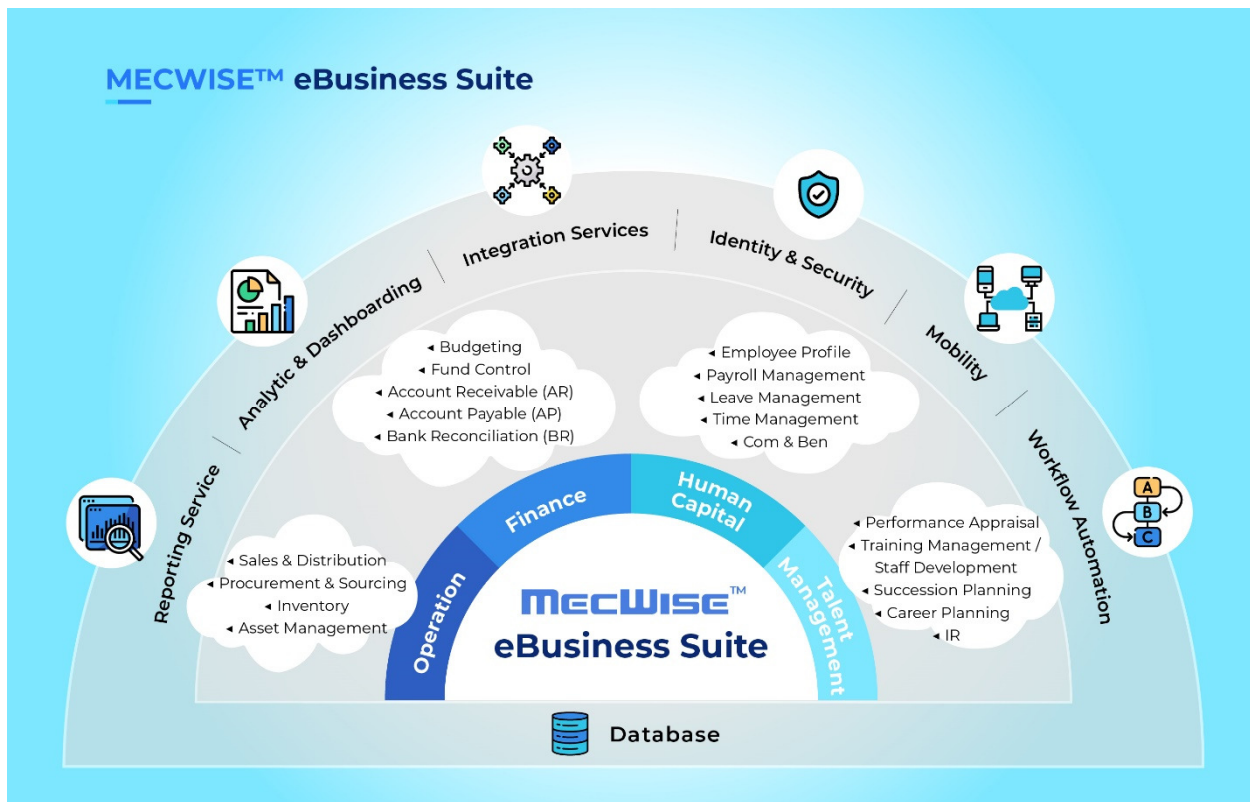

MecWise HRMS is Software-as-a-Service (SaaS) that allows organizations to automate their HR functionalities seamlessly without incurring additional infrastructure costs or having to worry about security issues. This innovative solution was officially released on February 28<sup>th</sup>, 2020 from StarVision's Malaysian office in Kuala Lumpur.

MecWise HRMS offers a complete range of solutions that streamline many day-to-day functions, from basic HR tasks, to a de-centralized system that allows employees to self-manage their individual claims, leave and profile. These solutions add value to an organization's recruitment, knowledge sharing, performance management, reporting, and payroll computation processes. MecWise's user-friendly interface makes it easy for organizations to effectively leverage office automation software and optimize business efficiencies. HRMS has been built using several Microsoft Azure services including Azure Active Directory, Azure SQL Database, Azure Express Route and other Azure Web application services. Customers can find the solution on Microsoft AppSource.

Mr. Jason Lim, Managing Director of StarVision explains: "Being in the business for more than 25 years now and having been a Microsoft Gold Partner since 2008, we are proud to now officially provide our solutions on Microsoft Azure's cloud platform in a secure manner. In order to continue to innovate, we will implement Blazor for cutting-edge, interactive web UIs in our next Generation development."

Yvon Paquette, IT Manager of Hamworthy Pumps Pte Ltd, stated that "MecWise Leave Solution improved our employee communication and satisfaction."

HR Manager of Itochu Petroleum Co. (Singapore) Pte Ltd, Irene Tay, calls StarVision "An A Team - fast ACTION, good ATTITUDE, and ACCURATE."

Toby Bowers, General Manager, Business Applications Group, Microsoft Corp. said, “We’re happy to have Starvision on Microsoft AppSource, which gives our partners great exposure to cloud customers around the globe. Microsoft AppSource offers partner solutions such as MecWise HRMS from Starvision to help customers meet their needs faster.”
